Who Are we ?

Glassy is a manufacturer and designer brand that makes a difference in the world of decoration with its self-designed and self-produced products. Thanks to our meticulously planned design and production process, we offer collections that stand out not only aesthetically but also in terms of quality and durability.

We work entirely as a manufacturer, bringing to life our unique models created by our in-house design team in our own production facilities. This way, we provide our business partners with exclusive products that cannot be found anywhere else.

We only sell wholesale (B2B); producing in high quantities specifically for hotels, restaurants, event companies, decoration stores, and project-based works. We deliver our products with confidence to hundreds of customers worldwide, whether in Europe, America, or Asia.

Our mission is to offer uniqueness in design, quality in production, and trust in supply.

Our vision is to be the leading brand in original design and production in the global decoration market.
